**Rodney Storms Joins Unigen as Regional Sales Director**

**Seattle, WA** – June 8, 2015: Unigen, Inc. announced today that Rodney Storms joined the company as Regional Sales Director. Rodney brings a proven record of sales and business development experience in the nutraceutical industry. Most recently Storms worked as Director of Business Development at Next Pharmaceuticals, recently acquired by InterHealth. He has also held key positions with ASI International and the American Herbal Products Association.

Rodney has a Juris Doctorate from The Catholic University of America, Columbus Law School, and an undergraduate degree in Political Science from The University of Texas at San Antonio. He is an experienced sales professional with proven ability to develop strategic relationships with a wide array of business-to-business firms, a strong understanding of and the ability to focus on product development, market segmentation, and clinical research.

This is Storms' second time with Unigen, having previously held the National Sales Manager role. Unigen's newly appointed Vice President of Sales & Marketing, Grant Bergstrom said, "Rodney brings with him a wealth of experience and customer relationship building. We are very excited to have his talents at Unigen."

**About Unigen**

Unigen discovers, develops and manufactures proprietary natural-product active ingredients for dietary supplements, functional foods, cosmetic and personal care products, prescription medical food and botanical drug products. The Company discovers its proprietary ingredients through our high throughput screening PhytoLogix™ approach applied to a proprietary well-annotated collection of botanicals and a legacy mining approach applied to botanicals having known medicinal benefits. Mechanism of action, safety and efficacy are documented with extensive preclinical *in vitro* and *in vivo* testing and by human clinical studies. Unigen protects its discoveries with issued patents and patent filings in all major territories, and manufactures its products to GMP standards. Unigen commercializes its proprietary ingredients through licensing and ingredient supply alliances with commercial partners engaged in the

manufacture, distribution and marketing of end-products in each of Unigen's target markets.
